WORLD DAY AGAINST TRAFFICKING IN PERSONS

FIRST EVER WEBINAR with SURVIVORS OF SEX TRAFFICKING

Stakeholders from activists to researchers dominate wide array of opinions around human trafficking making it a widely discussed and reported issue. **But do these opinions and conversations capture the voice of the survivor?**

On the occasion of World Day Against Trafficking in Persons, we will meet three amazing survivor warriors who are now engaged in the movement to end trafficking. Their stories present to us a lived reality, which no else can claim to portray.

Hear from them their view on ending human trafficking, demand reduction, and the right norms of care and protection for victims.
